

# UNDER THE MIDNIGHT SUN: JOURNEY WITH THE SAHTU DENE

By Mary-Anne Neal

## Lesson Plan Suggestions

### Vocabulary Fun!

Assign each student a different chapter of the book. The task is for each student to make a list of 10 words. The words might be unfamiliar or just words that the student wants to explore or check the meaning of.

Pair up the students. Each student gives their partner their list. The partner must look up the meaning of each word on the list, write out the definition and use the word in a complete sentence.

Finally, the students will take turns explaining each word on their partner's list to each other.

### FOR MORE FUN

Each student will choose the most challenging word on his / her list. Write that word on a post-it note. Write the definition on a separate post-it note. Put the definitions on the wall so anyone can grab it.

Stick the word on the back of someone in the class. Everyone looks at each other's back, finds the definition and sticks it below the word.

You can have a prize for the most correct definitions.
